CLINICAL BINS

We supply a range of bins to the healthcare industry all designed and manufactured to the highest quality. Our clinical bins are fire retardant, hands-free operated and easy to clean. Bins are available with different lid colours dependant on the application and in various sizes.

CLINICAL BINS

Available in 20, 50 and 70 Litre sizes, these high quality flame retardant bins have a choice of lid colours yellow for 'waste for incineration' (formerly clinical waste) and tiger stripe for 'offensive / hygiene waste', plus all the other colours required by HTM07-01.

SACKHOLDERS

Ideal for areas where the risk of fire is minimal. The range of free standing sackholders are made of the latest corrosion resistant materials. Ideally suited for janitorial uses in areas where basic sackholders are required.

WHEELED BINS

1100 Litre wheeled bins available with either a flat or round lid and in a selection of five colours. The large robust wheels allow easy movement of the bin.

LID COLOURS - TYPE 1

For flame retardant clinical bins.

User Specified

LID COLOURS - TYPE 2

For solid body bins, removable body bins, free standing sack holders and front opening sack holders.

**Waste which requires disposal by incineration - Yellow Lid**

Indicative treatment/disposal required in a suitably permitted or licensed facility.

**Waste which may be "treated" - Orange Lid**

Indicative treatment/disposal required is to be "rendered safe" in a suitably permitted licensed facility, usually alternative treatment plants(ATPs). However this waste may also be disposed of by incineration.

**Cytotoxic and cytostatic waste - Purple Lid**

Indicative treatment/disposal required is incineration in a suitably permitted or licensed facility.

**Offensive/hygiene waste - Yellow/Black Lid**

Indicative treatment/disposal required is landfill in a suitably permitted or licensed site. This waste should not be compacted in unlicensed/permitted facilities.

**Domestic (municipal) waste - Black Lid**

Minimum treatment/disposal required is landfill in a suitably permitted or licensed site. Recyclable components should be removed through segregation. Clear/opaque receptable may also be used for domestic waste.

**Amalgam Waste - White Lid**

For recovery.

CLINICAL BINS

Our hands-free, flame retardant bin range has been designed for the multi-function disposal of waste, and are compliant to HTM07-01 (Safe Management of Healthcare Waste). Usage is designated by an appropriate coloured lid and pedal label. They are also designed and tested to HTM83 fire resistance. Within the range you will find 20L, 50L and 70L sizes with a range of lid colours including yellow for 'waste for incineration' (formerly clinical waste) and tiger stripe for 'offensive / hygiene waste' plus all the other colours required by HTM07-01.

Whether your requirement is for a hospital waste bin, a clinical waste bin for your doctors surgery / care home, or for any other healthcare environment, we are sure we have the bin for you. All the bins are silent closing as standard, of rust resistant construction and designed to be easy to clean.

DELIVERY

Delivery lead times can be confirmed once the quotation process is complete, the typical lead time for pharmacy shelving is 3-4 weeks from payment. A few popular items may be available sooner, please check with our Sales Team.

****Drivers will not carry goods into buildings.**

Goods normally arrive by truck on a pallet and are delivered Kerbside. Please note you may need lifting equipment or a number of strong workers to handle the order when it arrives. If you have any special requirements please contact us.

Report any damages or shortages immediately, please read delivery notes carefully and use contact numbers provided or call FPD Group Ltd [0115 871 8789](tel:01158718789).

For more detail refer to FPD Group Ltd Terms and Conditions documentation.

ABOUT US

FPD Group have been supplying clinical bins to the healthcare industry for over 10 years, we have a wealth of experience and expertise in the area and willing to answer any questions. The clinical bins are in use throughout the UK in a variety of sectors including School & Universities, MOD, NHS Hospitals & Surgeries, Pharmacies, Dentists and Veterinarian Practices.

Our range of bins are continuous being expanded and developed, a recent addition are the Plastic Sack Holders designed to be durable, light weight and easy to clean, offering an alternate solution to the traditional mild steel bins.

If you have bespoke requirements please contact our sales staff with your specifications. Most of the ranges are available in a range of body colours with a selection of lid colours, please make sure you select the correct lid colour when ordering.

FPD Group Ltd

FPD Group Limited is a family business with over 50 years experience in the supply and installation of a wide range of Healthcare Equipment, Medical Refrigeration and Hygienic Storage Furniture. Our customer base includes organisations such as NHS Trusts, PCT's, HMP Prison service, Ministry of Defence, GP Practices, Pharmacy Shops and Dispensaries, Universities, Schools, Dental Practices, Laboratories, Veterinary Practices, Care Homes and Private Buyers. We also export to the Irish Republic, Asia, United Arab Emirates and Qatar. In the UK the Company is based in Exeter, Devon with an additional office in Asia.

Our product range includes pharmacy storage solutions, refrigeration, controlled drugs storage, medical trolleys, clinical waste bins, medical lighting solutions, medical and healthcare furniture ranges and a number of bespoke solutions on request.

FPD Group has an in-house CAD visualisation department and accepts most file formats from your architects' plans, please ask for a quotation.

We are fully committed to the provision of a comprehensive range of professional products, services and furniture. Our philosophy is to provide a complete and appropriate solution to our customers' requirements.

CONTACT US
